

GENCO

PERFORMANCE BEYOND HORIZON

PRODUCT GUIDE

Overview

Nisan Group has been engaged in diversified businesses across various sectors since 2007. The Group is primarily involved in industrial services and petroleum-related products, with a group turnover of approximately ₹140 Crores.

In line with its continuous growth mission, Nisan Group has expanded into the automobile sector under the Company name “**Nisan Petroleum Private Limited.**” With two Brands “**GENCO**” and “**RED ZED**” To enter the Indian automobile market,

Nisan Group strategically chose the lubricant segment, a sector currently witnessing steady growth at an annual rate of nearly 20%.

Nisan Group is also creating better employment opportunities across various fields and currently employs over 300+ skilled and unskilled personnel, dedicated to delivering superior service to its customers.

Our Mission

Nisan Petroleum Private Limited follows a practical and progressive vision. Our aim is not merely to claim the No. 1 position, but to be recognized as one of the fastest-growing companies in India, contributing meaningfully to the nation's development.

We are committed to being an active part of India's “**Naya Bharat**” mission, promoting the spirit of “**Make in India**”, and delivering quality, trust, and innovation through our products and services.

What we offer

- **A Comprehensive product portfolio** : We offer a wide range of products, including automotive engine oils, hydraulic oils, gear oils and specialty industrial lubricants like compressor oil, High quality grease etc..
- **Premium Quality** : We use high-quality base oils and premium additives to ensure exceptional product performance and reliability.
- **Customized solutions** : we work with you to understand your unique needs and provide tailored lubrication solutions and technical support.

Our commitment to Excellence

- **Quality Assurance** : Our state-of-the art manufacturing facilities and rigorous quality control processes ensure every product meets strict standards.
- **Innovation** : We continuously invest in research and development to create advanced lubricants that offer superior protection and efficiency.
- **Customer Focus** : We are dedicated to building long-lasting relationship through reliable services, technical expertise, and a customer-centric approach.
- **Sustain ability** : We are committed to minimizing environmental impact, sustainable sourcing quality product which define future all needs.

REVOLT 4T **FULLY SYNTHETIC**

API SP (10W-40 / 10W-30 / 20W-40)

REVOLT 4T is high-performance FULLY SYNTHETIC engine oil for 4-stroke motorcycles with advanced technology that provides optimum protection and consistent performance. Better oxidation stability over a longer service period. The advanced chemistry of power booster molecules and high-quality SYNTHETIC stocks prevents clutch slippage, and it offers excellent engine and gear protection. Better sludge control and piston protection. It is recommended for use in all 4-stroke motorcycles requiring oil meeting the API SP.

Available Packs : 900ml / 1L / 55L / 210L

SILK 4T

SEMI SYNTHETIC

API SN (10W-30 / 20W-40)

SILK 4T is high-performance SYNTHETIC TECHNOLOGY engine oil for 4-stroke motorcycles with advanced technology that provides optimum protection and consistent performance. Better oxidation stability over a longer service period. The advanced chemistry of power booster molecules and high-quality SYNTHETIC stocks prevents clutch slippage, and it offers excellent engine and gear protection. Better sludge control and piston protection. It is recommended for use in all 4-stroke motorcycles requiring oil meeting the API SN.

Available Packs : 900ml / 1L / 55L / 210L

FIT 4T

API SL (10W-30 / 20W-40)

FIT 4T is high-performance engine oil for 4-stroke motorcycles with advanced technology that provides optimum protection and consistent performance. Better oxidation stability over a longer service period. The advanced chemistry of power booster molecules and high-quality selected base stocks prevents clutch slippage, and it offers excellent engine and gear protection. Better sludge control and piston protection. It is recommended for use in all 4-stroke motorcycles requiring oil meeting the API SL.

Available Packs : 900ml / 1L / 55L / 210L

ORBIT ULTRA

FULLY SYNTHETIC

API SP ILSAC GF-6A ACEA C2/C3 (0W-20 / 5W-30 / 5W-40)

ORBIT ULTRA is high performance Fully Synthetic engine oil for all high speed cars with FRICTION FIGHTER Molecules which provides optimum protection and consistent performance. Better oxidation stability over longer service period. The advance chemistry of synthetic Base stocks and high performance additives minimize friction and wear at start-up. Better sludge control and piston protection. It is recommended for use in all modern cars fitted with Petrol, Diesel, Gas or Hybrid Engines or requiring oil meeting the API SP / ILSAC GF-6A

Available Packs : 1L / 3.5L / 4.5L / 7L / 55L / 210L

ORBIT SUPER

SEMI SYNTHETIC

API SN / CF ILSAC GF-5 (0W-20 / 5W-30 / 5W-40)

ORBIT SUPER is high performance Semi Synthetic engine oil for all high speed cars with Advance technology which provides optimum protection and consistent performance. Better oxidation stability over longer service period. The advance chemistry of synthetic Base stocks and high performance additives minimize friction and wear at start-up. Better sludge control and piston protection. It is recommended for use in all modern cars fitted with Petrol, Diesel, or Gas Engines or requiring oil meeting the API SN/CF / ILSAC GF-5

Available Packs : 1L / 3.5L / 4.5L / 7L / 55L / 210L

ULTIMA POWER

15W-40 CK-4

Excellent cleanliness and wear protection. Excellent protection against oxidation and prevents oil thickening. Consistent viscosity at all temperatures ensure excellent cooling. Exceptional protection and performance in all weather conditions. Extended drain intervals. It's FRICTION FIGHTER molecules gives continuous protection from friction to all the parts. It is recommended for Vehicles of TATA Motors, Ashok Leyland, Mahindra, TAFE, Escorts, Sonalika, Ford. Construction Equipments, Utility Vehicles, Commercial & Passenger Vehicles. Stop-and-go vehicles, Off road and Agriculture Machinery

Available Packs : 1L / 5L / 15L / 18L / 55L / 210L

POWER DRIVE PLUS

15W-40 CI-4 PLUS

POWER DRIVE PLUS 15W-40 is high performance engine oil for Turbo Charged engine with advance technology which provides optimum protection and consistent performance. Better oxidation stability over longer service period. Its advance chemistry of heavy duty additives and quality base stocks prevent carbon and sludge formation and provide excellent protection to engine. Excellent crankcase and engine startup in all weather condition. It is recommended for use in Tractor, Truck, Bus and Cars or where requiring oil SAE 15W-40 API CI-4 PLUS .

Available Packs : 1L / 3.5L / 5L / 7L / 7.5L / 8.5L / 10L / 15L / 55L / 210L

POWER DRIVE

15W-40 CH-4

POWER DRIVE 15W-40 is high performance engine oil for Turbo Charged engine with advance technology which provides optimum protection and consistent performance. Better oxidation stability over longer service period. Its advance chemistry of heavy duty additives and quality base stocks prevent carbon and sludge formation and provide excellent protection to engine. Excellent crankcase and engine startup in all weather condition. It is recommended for use in Tractor, Truck, Bus and Cars or where requiring oil SAE 15W-40 API CH-4 .

Available Packs : 1L / 3L / 5L / 7.5L / 8.5L / 10L / 15L / 20L / 55L / 210L

TURBO DRIVE

15W-40 CF-4

TURBO DRIVE 15W-40 is high performance engine oil for Turbo Charged engine with advance technology which provides optimum protection and consistent performance. Better oxidation stability over longer service period. Its advance chemistry of heavy duty additives and quality base stocks prevent carbon and sludge formation and provide excellent protection to engine. Excellent crankcase and engine startup in all weather condition. It is recommended for use in Tractor, Truck, Bus and Cars or where requiring oil SAE 15W-40 API CF-4 .

Available Packs : 500ml / 1L / 3L / 5L / 7.5L / 8.5L / 10L / 15L / 20L / 55L / 210L

MULTI DRIVE

20W-40 CF-4

MULTI DRIVE 20W-40 is high performance Multi-grade engine oil for non aspirated engine with advance technology which provides optimum protection and consistent performance. Better oxidation stability over longer service period. Its advance chemistry of heavy duty additives and quality base stocks prevent carbon and sludge formation and provide excellent protection to engine. Excellent crankcase and engine startup in all weather condition. It is recommended for use in Tractor, Truck, Bus and Cars or where requiring oil SAE 20W-40 API CF-4 .

Available Packs : 500ml / 1L / 1.2L / 5L / 7.5L / 8.5L / 10L / 20L / 55L / 210L

ROTAM SYNTH PRO **FULLY SYNTHETIC**

75W-90 GL-5

ROTAM SYNTH PRO 75W-90 is high performance heavy duty fully synthetic gear oil suitable for heavy driven gear and axles. Its high oxidation stability reduces the risk of oil thickening, which helps to keep gear cases and seals clear from deposits. High viscosity index and good low temperature fluidity help contribute to component protection across wide temperature range. Effective EP additive technology contribute to critical wear protection under low speed and high torque and shock load operation. Extended drain interval.

Available Packs : 1L / 2.5L / 26L / 55L / 210L

ROTAM PRO

80W-90 / 85W-140 (GL-5)

ROTAM PRO 80W-90 / 85W-140 is multigrade gear oil containing extreme pressure additives for moderate service conditions. Recommended for use in Synchromesh gear box / differential gear box, manual transmission and industrial gear boxes where require EP oils. It's excellent thermal and chemical stability provide longer drain interval. Protection against rust and corrosion. Provide longer gear life and equipment. Ensure longer and trouble free protection.

Available Packs : 1L / 2.5L / 5L / 7L / 10L / 12L / 20L / 55L / 210L

ROTAM PRO

EP 90 / EP 140 (GL-4)

ROTAM PRO EP 90 / EP 140 is mono grade gear oil containing extreme pressure additives for moderate service conditions. Recommended for use in manual gear box and industrial gear boxes where require EP oils. Its excellent thermal & chemical stability provide longer drain interval. Protection against rust and corrosion. Provide longer gear life and equipment. Ensure longer and trouble free protection.

Available Packs : 500ml / 1L / 1.2L / 5L / 7.5L / 8.5L / 10L / 20L / 55L / 210L

TRANS SHIELD PRO

ATF TQ (TASA)

TRANS SHIELD PRO is multipurpose oil containing high quality base stocks and premium additives for moderate service conditions. Recommended for automatic transmission and power steering application of automobiles. Provides anti wear, anti foam performance. Its excellent thermal & chemical stability provides smooth shifting gear and power steering. Protection against rust and corrosion. Provide uninterrupted and extended protection.

Available Packs : 500ml / 1L / 5L / 13L / 20L / 55L / 210L

TRANS SHIELD PRO (UTTO)

WET BRAKE OIL (80W)

UTTO (WET BRAKE OIL) is universal tractor transmission oil formulated from high quality base stocks and selected additives. Design to deliver superior performance in transmission, hydraulic and PTO systems of tractors. Noise free operation of oil immersed Brake (OIB). Provides lubrication for gear box and transmission equipments. Provide protection against rust and corrosion. Longer oil and equipment life.

Available Packs : 5L / 20L / 26L / 55L / 210L

ULTRA COOL (1:9 CONCENTRATE)

(GREEN / RED)

ULTRA COOL 1:9 Radiator coolant Concentrate. Its Anti Rust and Anti Corrosive properties provides better protection in all weather conditions. Its Technology provides better cooling to engine. Recommended for Car, Tractor, Truck, MUV, SUV, Earth Movers or Various types of Industrial and Automotive Radiators. For Better Performance add 1 Part Concentrate and 9 Part DM water.

Available Packs : 1L / 3L / 5L

DURA COOL (1:4 CONCENTRATE)

(GREEN)

DURA COOL 1:4 Radiator coolant Concentrate. Its Anti Rust and Anti Corrosive properties provides better protection in all weather conditions. Its Technology provides better cooling to engine. Recommended for Car, Tractor, Truck, MUV, SUV, Earth Movers or Various types of Industrial and Automotive Radiators. For Better Performance add 1 Part Concentrate and 4 Part DM water.

Available Packs : 1L / 3L / 5L
